Money-affecting history

Simplified period-level entries: earnings, adjustments and payments are different movements.

2026-06-21 UTC | Earned during this period **+$2,300.76**

30% of eligible revenue under example agreement v1, before separate adjustments.

2026-06-26 UTC | Sample payment recorded **-$2,300.76**

SAMPLE-2026-0002-TRANSFER. Illustrative settlement only; no transfer occurred.

Change history

2026-06-08 UTC - Period opened - agreement v1 pinned

2026-06-22 UTC - Pending review - sample reconciliation began

2026-06-24 UTC - Approved - example approval recorded

2026-06-25 UTC - Scheduled - destination snapshot locked

2026-06-26 UTC - Paid - sample statement finalized and locked

Paid periods stay locked. Later refunds or corrections appear in a new open period with their own entries. This statement keeps its original agreement, identity and destination snapshots.
